

John M. Lawson

Senior Executive Vice President

John Lawson is senior executive vice president of The Boldt Company.

Lawson is a 23-year Boldt veteran who has bid / negotiated, organized, staffed, coordinated and overseen to successful completion literally thousands of projects. His staff of project managers has directed projects for many of the world's largest corporations. He has been instrumental in the professional development of younger engineering staff, carefully selecting projects for their skill levels and allowing them to mature within well-defined areas of responsibility.

Prior to joining Boldt, Lawson gained more than ten years of engineering experience in industrial project management.

Lawson earned his Bachelor's degree in Engineering from Michigan Technological University in Houghton, Michigan. He also received a degree in Engineering Technology from Lakehead University in Port Arthur, Ontario, Canada.

Lawson is a member of the Paper Industry Management Association (PIMA), the Technical Association for the Pulp and Paper Industry (TAPPI), and the Appleton Rotary.
