ON BUILDING INFORMATION MODELING

If a Boldt process can be done faster, with less waste and better results, Juanita helps find it. Juanita is continually looking for ways to bring more value to every process, thereby increasing value for our customers. She came to us with more than 12 years of architecture, engineering

and construction experience, building an impressive project management/consulting resume at MastersGraphics and QuadGraphics prior to joining Boldt. Juanita holds memberships to the American Institute of Architects and the Associated General Contractors of Wisconsin.
