

Leadership Profile

Jake Garro

EXECUTIVE VICE PRESIDENT, REAL ESTATE DIVISION

Before joining Boldt, Jake served as the director of a national healthcare real estate development firm, where he oversaw all project finance and development activities. Today he brings that wealth of experience to our customers as a leader of Boldt's real estate development group, Boldt Holdings.

At Boldt, Jake concentrates on project development, business development, strategic planning for our healthcare real estate business and real estate portfolio assessment and analysis. Using those tools, he consistently applies his skill and creativity to help our customers solve complex problems and create new opportunities through the development and financing of healthcare properties.

Jake continually seeks new avenues to hone his skills, including membership in the Healthcare Financial Management Association and the Council of Development Finance Agencies; results-oriented organizations that empower members with practical tools and solutions to optimize financial management.
